

MYSC Spring Soccer 2018

MYSC is preparing for its seventh spring soccer season. **Registration will be available at our club's website beginning March 1st, and all registration is done online.**

- Spring soccer is offered for U4-U16 players (must have been born in 2002-2014).
- Your child will play in same age group he/she played in Fall 2017 based on his/her birth year.

Please take a few minutes to read the information below, and go to www.mysc.org for registration beginning on March 1st. **Registration runs from March 1–12, 2018.** Notice that the registration time is limited, so spread the word to your teammates. Register on March 1st if possible--some age groups fill up very quickly!

All players and coaches must register for 2018 spring soccer. The first games are tentatively scheduled for either April 7th or April 14th, and there are six games in the season. All games are played on Saturdays with the possibility of Sunday games if needed (based on field availability).

SPRING 2018 REGISTRATION FEES

Player Age	Programs	Registration Fee
U4/U5 & U6/7	Micro Soccer (co-ed)	\$45.00
U8 – U16	Boys' and Girls' teams	\$60.00

NOTE: There is an additional \$18.00 fee for players who did not participate in the fall 2017 season. This \$18 is the required annual Washington State Youth Soccer player fee.

****MYSC does not offer financial aid for the spring season. Scholarships are available in the fall.****

SEASON INFORMATION:

Micro co-ed & U8–U16 boys and girls

Our spring season is much less intensive than our fall program. It is designed to give kids an extra opportunity to get touches on the ball and have some fun. The season includes six games on Saturdays. Coaches have the option to practice during the week (1 or 2 practices), but the focus is simply to get kids playing soccer.

(Note: There must be four or more U15 and four or more U16 teams in order to keep these age groups. Full refunds will be granted if North County is not able to field enough teams for these age groups.)

Team Assignment

You are able to list a buddy or coach request when you complete the registration. We will try hard to honor your requests, but roster sizes are defined by Washington State Youth Soccer, and we will create balanced rosters. Coaches will contact their assigned players by March 18th. **Spring League placement does not have any effect on 2018 fall team placement. Returning fall 2017 players have priority (if registered on time) and will be placed on their fall teams unless request is made to play on a different team.**

Uniforms

Most players will have their uniforms from the fall soccer season. If you would like to purchase a uniform, MYSC has a limited supply and will be available for purchase in early April (date, time and location TBD). Cost: \$10 for jersey, \$10 for shorts, \$3 for pair of socks. If you chose not to purchase a jersey, your U8-U16 player can wear any green t-shirt he/she already owns. If your child is in the micro division, he/she can wear same color shirt as rest of team. Athletic shoes and shin guards must be worn at all practices and games.

Practices

Teams will have the option to practice, but some teams do not practice. Each coach chooses his/her practice days, times and location. Practices are held at various Mukilteo School District fields.

Game Schedule

The spring soccer season will consist of six games. The first games are scheduled for either Saturday, April 7th or April 14th. Game times will vary depending on field availability. We anticipate all games will be played on Saturdays, but there is a possibility of Sunday games depending on field availability. There are NO RESCHEDULES allowed for spring games for any reason.

If you have additional questions, please email our registrar (Jamie Wright): jamie@mysc.org.
